Verify Patron Identity

• Verify patron's last name, and their Personal Identification Number (PIN) iif they know it

• Ask for the 14-digit library card number or 12-digit e-card number

Before you process a renewal, confirm you're speaking with the account holder or authorized user:

- Confirm the due date or title of the item they want to renew
- Best Practice: For family accounts, verify the patron is authorized to manage items checked out on the shared card. Parents/guardians can renew items for their children.
- **Access Patron Record**

1. Navigate to **Patron Services** > **Search** 2. Type the patron's library card number

3. Click on their account profile

In the Integrated Library System:

- 4. Select the **Account Activity** tab
- 5. Review their current loans and their due dates **Important:** Check for account blocks or restrictions before you proceed. Accounts with outstanding

• Item is not reference material

• There are no pending holds for this title

Verify Item Eligibility

Check the following before proceeding:

Account is in good standing (no blocks or fines over \$10.00)

• Item has been renewed fewer than 3 times (check renewal count in system)

fines over \$10.00 or lost materials may be blocked from renewals.

- **Important:** If an item shows "Hold Queue: 1 or more," it cannot be renewed. The account holder must return the item so the next patron can borrow it.

Process the Renewal You can renew items through two methods:

Guide patrons to renew online:

1. Visit www.lapl.org 2. At top of page, click **Books & Media** to the left of the toolbar

that can be manually changed)

3. In the options listed on the next page, click **Catalog** 4. Click My Account and sign in with library card number and PIN (default is last 4 digits of your phone number, but

Method 1: Web Renewal (Patron Self-Service)

5. Go to **Account Activity** 6. On the left, check the box next to the item, below the word **Renew**, or click the box at the top of the list, next to the word **Renew All** for all eligible items

- 7. Confirm the new due date (the original loan period from the renewal date). If the item cannot be renewed, a box will pop up saying "The following title(s) could not be renewed" followed by a list of titles. Method 2: Phone Renewal (Interactive Voice Response System)
- If the patron prefers phone renewal: 1. Direct them to call toll-free: **1-888-577-5275**

2. They'll need their 14-digit library card number 3. The automated system will process eligible renewals 24/7

4. The system will provide renewal confirmation

- **Update Patron Case Log**
- Document the interaction in Salesforce:
- 1. Find the patron's Salesforce record using their library card number 2. Update their circulation case if it exists, or create a new case 3. Set Case Type to Renewal - Processed

4. Add the number of items renewed and their new due dates

6. Set case status to Resolved

5. Include any special notes (e.g., patron education about auto-renewal)

Communicate with Patron Confirm the renewal using the appropriate canned response:

Thank you for contacting the library. I hope you're doing well.

Best regards,

Good news! I've successfully renewed [NUMBER] item(s) on your account. *Your new due date(s):* • [ITEM TITLE] - Due [NEW DUE DATE]

• [ITEM TITLE] - Due [NEW DUE DATE]

Helpful tip: Most items auto-renew automatically on the due date if no one else has placed a hold. You'll receive an email confirmation when this happens. You can check your account any time at lapl.org or call our automated line at 1-888-577-5275.

Special Scenarios Items with Holds Cannot Be Renewed

2. Inform them that they must return the item by the due date or they will get a late fee

3. Suggest that they place a hold to borrow it again after the current hold queue is filled

patron has placed a hold on this item. To ensure fair access to popular materials, we can't renew items when someone else is

4. Offer to help place the hold if they would like

When an item has pending holds:

1. Explain that another patron is waiting for the item

Hi [Patron Name], Thank you for contacting the library. I hope you're doing well. I understand you reached out about renewing [ITEM TITLE]. Unfortunately, I'm unable to process this renewal because another

waiting. **Your current due date:** [DUE DATE] What you can do:

• Place a hold on the item to borrow it again after the current waitlist is filled

Would you like me to place that hold for you now? Thank you for understanding! Best regards,

• Return the item by the due date to avoid a late fee

1. Explain the 3-renewal maximum policy 2. Item must be returned and can be checked out again (if available)

Maximum Renewals Reached (3 Times)

When a patron has already renewed an item 3 times:

Overdue Items with Fines

For overdue materials:

Best Practice: You can still renew overdue items if they're eligible. The renewal extends the due date from the renewal date (not the original due date), which will increase the fine. Make sure patrons understand this before processing.

1. Verify the patron is using a valid teacher card

2. Follow the standard renewal process

1. Check if the item is eligible for renewal (no holds, under 3 renewals)

3. Process renewal if patron confirms they want to proceed

4. Remind them to return items promptly to avoid additional fines Teacher Cards (50-Item Limit) For teacher card renewals:

2. Explain that renewing will extend the due date but fines continue to accrue from the original due date

When to Escalate **A** Escalate to Supervisor When:

3. Some teacher materials may require librarian approval for renewal

4. If approval is needed, tag your supervisor in a JIRA ticket

• Patron disputes that item has a hold (verify in system first) Patron requests waiver of late fees to process renewal • System shows error message you can't resolve

Patron claims auto-renewal didn't work as expected

Teacher card materials require special approval

• Patron requests renewal beyond 3-renewal maximum

Account has blocks or restrictions preventing renewal

How to escalate: 1. Open a JIRA ticket with patron's library card number and issue details

2. Tag supervisor in the ticket 3. Tell the patron: "I need to review this with my supervisor to ensure I'm giving you the right information. Can I follow up with you within 2 hours?"

Common Patron Questions

"Why didn't my item auto-renew?"

find out what's going on." "Can you renew this even though someone has a hold?"

you can borrow it again after the current waitlist."

"I need to keep this book longer than the 3 renewals allowed." **Response:** "I understand you need more time with this material, but the 3-renewal maximum ensures materials circulate fairly to all patrons. Your best option is to return the item and check it out again immediately if it's available. If someone has placed a hold, you can add yourself to the waitlist. For extended research needs, I can also help you explore our reference collection or

Response: "Auto-renewal happens automatically on the due date, but it can fail for a few reasons: someone placed a hold on the item, you've already renewed it 3 times, or your account has a block due to outstanding fines. Let me check your account to

Response: "Unfortunately, no. When another patron places a hold, the item needs to be returned so they can borrow it next. To ensure fair access to popular materials, we can't extend loans when someone is waiting. I'd be happy to place a hold for you so

"Can I renew items in person at any branch?" **Response:** "Yes! You can renew items in person at any of our 72 library branches or at Central Library. Just bring your library card, and circulation staff can help you at the desk. You can also renew 24/7 online at lapl.org or by calling our automated line

Reporting & Metrics Renewal requests impact circulation metrics. All agents should:

• Report system issues preventing renewals by filing a JIRA ticket

Maintain accurate case logging for renewal requests Document reasons when renewals are denied • Track patron confusion about auto-renewal features

Interlibrary Loan options."

at 1-888-577-5275."
